Doubtful Status of European and Mexican Problems Accelerates Movement to Unload Shares,

New York, April 18.—Selling of special stocks, more particularly the shares comprising the war group, was resumed in moderate but steady fashion today, some of those issues recording lowest quotations for the current decline. The doubtful status of the European and Mexican problems contributed measurably to this trend, but other events of the past few days accelerated the movement. ING JOURNAL SPECIAL LEASED WIRE) celerated the movement.

Chief among these were the other the among these were the other intrations conveyed by representa-tives of large purchasing interests to the effect that England and France now seem able to meet their requirenow seem able to meet their requirements for arms and ammunition without outside assistance. Other causes which made the immediate future of the war shares somewhat uncertain, also have been divided.

uncertain, also have been divided.

This condition does not apply with dred products as was evidenced by the comparative firmness of the shares of such companies. Most of the motal stocks held their ground with a quotation of 11 cents per pound for "spot" copper. United States Steel ruled a mere fraction over yesterday's minimum, and Bethlehem Steel, which mum and Bethlehem Steel, which was far from active, scored a net loss of 1814.
